EDUCATION

University of Utah Coding Bootcamp, Online

MARCH 2022 - AUGUST 2022

The coding bootcamp was a 24 week program where I learned the skills to become a full stack developer, with a focus on learning the MERN stack. During the program, I took part in three group projects to practice development work as part of a team.

Brigham Young University, Provo, UT — *BS in Food Science*

GRADUATED JUNE 2015

Following a passion for cooking, I studied Food Science at Brigham Young University.

EXPERIENCE

Fiore Pizza, Orem, UT — *Pizzaiolo*

JULY 2015 - AUGUST 2022

At Fiore Pizza, I lead a team as the food truck driver. My duties included making sure that the truck was fully stocked and the oven prepared for each shift. Ultimately it was up to me to ensure that a full shift could be completed without incident, including stocking all ingredients and ensuring cleanliness standards to pass health inspections.
